

Nationwide Adjusting Company,

We would like to take the time to Thank You for all your help and work throughout this life changing event that happened to us. Our first and only home caught on fire on January 27, 2009 and was a total loss. We were clueless as to what to do next, but thanks to Harold, Victor and Lisa we were guided every step of the way. We did not know that a service like this existed and were very hesitant to sign with Nationwide, but we know we made the right choice. We ~~know~~^{are} sure we got everything possible from our insurance company, because of Nationwide's team of employees. Our adjusters explained everything thoroughly to us and were great to work with as well as very knowledgeable. We were able to move back into our beautiful home on November 8, 2009. We are very pleased with all the construction that was done and could not ask for more. Thank You Nationwide Adjusting Company.
